Runberg Architecture Group

Seattle-based Runberg Architecture Group promoted **Daniel Lee** and **Archie Chamness** to associates. Lee has nine years of experience on multifamily and mixed-use projects. He is a project manager on Esterra Park's Block 2 housing project in Redmond for Capstone Development and is helping guide it through entitlement. Chamness has over 12 years of experience in design and construction. His projects have ranged from garden-style apartments to adaptive reuse and urban mixed use. He is a construction manager at Vulcan Real Estate's 532-unit Jackson Apartments in the Central District. Runberg designs mixed-use urban environments.
